Storm Data and Unusual Weather Phenomena - May 2012

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
<hr/>				
LAUDERDALE COUNTY --- 0.9 NE MERIDIAN [32.38, -88.71], 1.1 SE SMITH [32.41, -88.47]	05/31/12 16:53 CST		75K	Thunderstorm Wind (EG 50 kt)
	05/31/12 17:03 CST		0	Source: Broadcast Media

Numerous trees were blown down across the county. One tree fell on a house and one fell on a vehicle in Meridian. A transformer was blown near 24th Street and 29th Street.

A mesoscale convective system (MCS) began impacting the delta region of Mississippi around mid day on the 30th moving southeast across the region through the afternoon and into the evening hours. Widespread wind damage occurred with this activity, along with a few reports of large hail. Flash flooding impacted a few areas as well. On the 31st, widespread showers and thunderstorms developed along and west of the Mississippi River moving east through the afternoon and into the evening hours. Once again, widespread wind damage occurred as this activity passed.
